URBANA UNION.

CITY AND COUNTY.

This Paper.

The question has been asked, whether the URBANA UNION will be a permanent paper. We answer that it is no temporary thing; it is meant to be permanent. It makes no debts, but pays as it goes. Those who wish to be subscribers must pay in advance else they cannot be subscribers. Customers for job work must pay on delivery, or they cannot be customers. The publisher wishes to be explicit—the URBANA UNION will do its duty, and will keep good its word.

I. O. O. F.'s Pic-Nic.

The Committee of the Odd Fellows' Pic-Nic Association met on the 10th inst., and resolved to hold their Annual Pic-Nic at Spring Creek Grove (Magraw farm, four miles West of Urbana, on C. P. & I. R. R.) on the third Wednesday (16th) of July. All members of the order are invited to attend. The Committee met last Saturday and completed arrangements.

An excellent variety of good reading will be found on our first page.

No further particulars this (Wednesday) morning from the 60th.

Funeral Notice.—The funeral of Mr. Evans Glenn will take place to-morrow, 3 o'clock, P. M. Services at his residence.

The price of gas in Urbana is to be reduced next September from \$4.00 to \$3.50 per 1000 cubic feet.

The Continentals are recommended by the leading papers everywhere. You must not miss the present opportunity to hear them.

Dr. B. B. LEONARD, of West Liberty, is Surgeon of the 68th Ohio. Our friend, the Doctor, is just the right man in the right place.

Despatches received from General McClellan, dated 4 o'clock yesterday afternoon state that no general movement had taken place.

Gen. Jim took a quarter of a pound of fine cut at a "claw," and lifted 75 pounds of shot with his teeth, the other day.

Every true-hearted American is proud of Independence Day and its associations—let us show our respect and pride for it this year, by a glorious celebration!

Personal.—Among the legal gentlemen in attendance at Court this week we notice Lieut. Governor Stanton and Hon. R. R. Warner, ex-judge of the Supreme Court of Ohio.

We notice it reported that a number of school-women have been confined since Gen. Butler's arrival in New Orleans. We hope they "are doing as well as could be expected."

The members of the West Liberty Union School give an exhibition Friday evening in Roberts' Hall, in that place, for the benefit of the Soldiers' Aid Society. Admittance 10 cents.

Prentiss says two geographical discoveries are yet to be made—the source of the Niger and the "last ditch."

The "last ditch" doesn't need to be discovered. It is the place where all rebels go to and is generally known as "Hell."

The Daily Nashville Union.—We welcome this live, neat and spicy paper to our exchange list; and wish for it as long as the Great Union, the cause of which it so ably and eloquently advocates. It has many (er) for the rebels and yet is "rather" mercenary towards them. Success to all loyal Union papers such as our namesake of Nashville.

The Sandusky Register calls us a "happy editor" because we had strawberries last week—just as if strawberries "or any other" article of sweetness could make an editor happy; 'though some imagine that a calder dress with suit' in it will down the calves and troubles of "the man of the people!" We don't see it!

It is said any number of lawyers are candidates for the Colony and Lieutenant Colonel of the 68th Regiment; among these is Allison of Bellefontaine. Allison will be the Colonel—so says a gentleman just from there. Good for Bellefontaine! The lone village has not had a good official lift for more than two weeks past.—Mayville Press.

A pointed hit, my lord!

Union Pic-Nic.—Preparations have been made for the holding of a Union Picnic, at Baker's Lake, near Mechanicsburg, Champaign County, Ohio, on Saturday June 21st, 1892, for the benefit of the Ladies' Soldiers' Aid Society. The grounds have been kindly tendered for the use of the Society by the proprietor, and boat riding on the Lake will form an attractive amusement. Music will be in attendance, and everything necessary to make the occasion one of pleasure, will be provided. An extra half fair train will probably be run.

We are pleased to receive again the Sandusky Register, one of the neatest and best conducted papers in Ohio. As our readers were informed the Register office was destroyed by fire several weeks ago, but through the generosity of the Sanduskyans, the energetic and enterprising spirit of the proprietors, and those "fads" specimens of American genius, Hoe's cylinders, we have our contemporary brighter than ever. And to it and all its office attaches we wish luck typical of the golden age.

The Continentals—One of the most pleasing troups of vocalists and instrumentalists will give one of their choice concerts in Union Hall, next Monday evening, 23d. The troupe has been reorganized and greatly augmented; the press and the people are loud in praises of it.

Master Yandell, the violinist, is pronounced equal to Tommy Lewis (an old favorite here—now a grocer in Chicago); Mr. Towne, as a tenor and balladist, meets with encores everywhere; the late solo of Mr. Ainsworth as a "superb," a contemporary says; while the incomparable bass, Mr. Watson, needs no recommendation from us—he is an old and popular musical "familiarity" in Urbana, and his voice "sings" not for itself, but for the good of the music-lover. Do not fail to hear the Continentals next Monday evening.

LET US CELEBRATE THE FOURTH!

The people of Urbana and vicinity are determined to have a good, old fashioned Celebration on the Fourth of July, 1892—a year in which the associations of the day have become doubly dear to every loyal American!

God, in His Wisdom, Goodness and Justice, has showered blessings without number on us as a Nation; yet never since His guiding hand caused the Father of the Revolution to seal the compact which gave to the world a Government in which man possesses certain inalienable rights, among which are life, liberty and the pursuit of happiness, have we had as much to celebrate in respect for, in honor of, to rejoice over and give thanks for as in the year which finds 600,000 patriots in the field crushing a Rebellion that would seek to destroy the liberties made and handed down by the Men of '76!

Celebrate in respect for all the remembrances of the Day that made us a Nation—one and inseparable!

Honor thus the Heroes of the Country's Past; the Heroes of the Present!

Rejoice over the Glorious Victories of Liberty and Right against Rebellion and Wrong!

And give thanks to the God of Battles and justice for His omnipotence with, and care over, as a People!

—To this end the citizens of Urbana and vicinity are called upon to meet at the Court House next Saturday evening, 21st inst., to make the proper arrangements. Every man possessing patriotic feelings will be present!

From Company H, 86th Regiment.

CAMP CHASE, June 17, 1892.

En. Union.—The 86th Regiment O. V. I. leaves Camp Chase to-morrow morning.

Three day rallies have just been issued, and we expect to be far-d-well in "Skedaddle-dom" by the time there are all gone. The 86th is commanded by Col. Barnabas Burns of Mansfield, Ohio. He has had little or no experience as a military man, but judging from his fine natural abilities he will, doubtless, make an efficient officer.

We are not certain whether our destination will be Cumberland, Md., or Western Virginia. We are assured however, that we are soon to see active service in the Enemy's Country—this is what we enlisted for and just what we want. Indeed, we have as brave and just as good looking set of boys as ever left old Champaign, and our officers are exerting their utmost powers to make it the best company in the Regiment. In the selection of non-commissioned officers great care has been exercised in order that the company might have the benefit of having experienced and efficient drill-masters. Our orderly Jno. M. Russell, is one of the best fellows alive—and I may safely say that our Regiment can boast no better man for that position than Jno. Russell of company H. But each one strives to do his whole duty and a more jolly, good natured, well-behaved company I never saw.

So far we have been blessed with good health, which, you know, in camp is desired above all things. I had almost forgotten to say that we are armed, and thoroughly equipped. When I write again it will be from some point d'-w-n in "Dixie!" DETA.

County Printing.

We have noticed the fact that principally by the firm of our Auditor, Mr. Talbot, the County printing is being done this year at honest prices, making such savings as the following to the tax-payers of the county:

Assessor's blanks, \$8, instead of \$80.

Laws not published and not paid for.

Instead of \$236 paid to the C. H. C. printers for procuring a dirty Cleveland extra at a cost of \$9.

And we have no doubt but that the Tax Notice will be printed for about \$20 instead of \$177.50.

We find the Gazette printer gives up these fat jobs with a very ill grace.

In an article (June 12) headed "Mean" he mentions the fact that some county official has been found "weak enough" to deprive the County Leeches of the county's money and threatens all such "weak" individuals with perpetual hostility. Was ever such an exhibition made? What! Tell our county officers, plainly,—violate your sworn duty and give us a chance to fleece the tax-payers of the county, and take our votes and fulsome enlogies: Do you sworn duty honestly, and get the printing done for the county, as you would for yourselves, where it will be done cheap and best and expect only hostility and abuse from us. We doubt if the very essence of public pecculation and corruption was ever uttered in language of such shameless plainness.

The Union says to the county officers—you have been selected for your present places because your fellow citizens looked upon you as fair, honest men; you have taken a solemn oath and given bond to do your duty faithfully and we only ask you to do it. If we can do your printing as cheap and well as any one else we expect to do it; if not, we shall look upon you as but little better than perjured and unworthy of public confidence if you give it to us. Do your duty faithfully without fear or favor and you have our support; favor us or any one else in violation of your sworn duty to the tax-payers of the county, and expect not our personal hostility—for the Union has no personal quarrels—but expect to meet your own acts face to face in plain language in the columns of the Union.

THE DISASTER TO THE 66TH.—The intelligence came Monday evening by the afternoon press of the 66th's being engaged in the bloody fight at Port Republic, Va., on the 9th inst., in which Shields' advance was defeated by Jackson. The news was agonizing to many hearts. All expected something more cheering from the 66th in its first engagement—yet we know that Champaign's regiment fought only as brave men can fight, and caused a loss to the enemy far greater than their own. We write in haste, giving the names of the killed, wounded and missing—from latest reports by all sources—before going to press:
